

B is for  
Butterfly!

Put your finger puppets on one hand. Pretend the other hand is a tree.

Take the butterflies off as you say the rhyme (hide them in your lap). Pick them up with your "tree hand" at the end.

At the end, open your "tree" hand to show off all your butterflies.

# The Five Butterflies

5 butterflies flying in the breeze (Wiggle fingers)  
1 flew off behind the trees (Remove one butterfly)  
the others fluttered by circling the sky (Make the butterflies fly in a circle)  
Soaring low (Fly them low)  
& soaring high (Fly them high)

(Do the same rhyme for 4, 3, & 2. At the end...)

1 butterfly flying in the breeze flew off behind the trees  
and if we look in back (Open your "tree" hand. See picture above.)  
we see a pretty pack of 5 butterflies in a colored stack!
