

CREATE YOUR OWN ALPHABET

Instructions: Create your own shape-based language. Choose a different shape or combination of shapes to represent each letter of the alphabet. For example, a triangle might be an "A" while a triangle plus a circle on top could be a K.

A	B	C	D	E	F
G	H	I	J	K	L
M	N	O	P	Q	R
S	T	U	V	W	X
Y	Z				

Then create your own hieroglyphic stone tablet by flattening a ball of modeling clay into a stone-like shape. While it is still pliable, write your name into the clay with the letters in your shape alphabet. Use the tip of a pen or a paper clip.
